

Updated New Policy: Tiger Dome Usage

Emailed out to staff/partners/coaches on 2/19/20

In an effort to try and round up more available gym space for our crowded YCIS sports, we have decided to make the Tiger Dome available to YCIS, but with some limitations.

1. No grades/teams younger than 7th are allowed to utilize the Tiger Dome (youngest allowed will be 7th grade).
2. YCHS Sports/events trump all other events (Example: if a situation arises where the high school track and field need the Tiger Dome because of rain, any event scheduled in the Tiger Dome will be cancelled or interrupted).
3. YCIS teams (7th and 8th grades - see #2 above) can play two courts for practices and/or games in the Tiger Dome by putting down the center divider (those two side courts in the Tiger Dome are the same size as the YCIS gym court. This means YCIS will be able to fit more teams when they utilize the Tiger Dome. That will be encouraged).
4. Camera footage will be heavily monitored (this is the case for anyone who utilizes any facility), ensuring people take care of the facility, are not propping doors open, leaving messes, etc. If anything is reported and confirmed, there will be restrictions placed accordingly.
5. Baseball or Softball will never be allowed in the Tiger Dome (this rule is the same for YCHS teams).

We hope this helps with some of the scheduling issues that we have been running into with the YCHS and YCIS Gyms. Please forward this email to anyone I might have missed that you feel should know about this change.

Reserving the gym space will still go through Kristi Degroat (YCTC) and myself (YC & the public). So be sure that your events are on the events calendar.
